

Uncertainty

Uncertainty is my constant companion
I' ve built my life upon shifting sand
What' s it like to dance on the knife edge?
It' s scary but ... I know where I stand

(chorus)

Uncertainty is bound to be
 With you till the end,
If you don' t be its enemy
You' ve got a lifetime friend

 Uncertainty makes all of us gamblers

You can' t be sure you' ll do what you planned
 “Hope” is just a bet on the future
And “future” is ... a fantasy land

(chorus)

Uncertainty is all you can count on
Insurance is in constant demand
The ice on which you stand may be thin, but
The good news is ... you know where you stand.
